Re: Water Delivery Records

Harvey,

You had asked Steve Burrell for diversion records for Antelope Creek and for diversions above Mackay Reservoir. This letter and the attached documents are a response to that request.

The Department does not yet have the 2005 records for the Antelope Creek diversions. However, you may contact Bob Duke and get those records from him. I spoke with Bob this morning to verify that he has records of the diversions, and to let him know you may be asking for those records.

The enclosed document is a copy of the 2005 Big Lost River Water Rights Accounting daily output. Records for diversions above the reservoir are listed in this document. The delivery and flow information used in the accounting is entered into our database by the water district and the irrigation district, with the exception of the flows at the Howell, 2B, and Arco gauges, which are entered by our office.

Please call if you have questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nick Miller', is written over a horizontal line.

Nick Miller
